SELF BEACON

THE 30-DAY BURNOUT RESET

ARCHETYPE

The Overextended

Doing too much for too long. The cost is now compounding.

A prescription, not a journal. Open it. Follow it. 30 days built specifically for your burnout pattern.

YOUR PROFILE

YOUR PATTERN

Chronic overcommitment. Says yes when every part of them means no. High-functioning on the outside — presenting as capable, reliable, always available — while quietly drowning inside. The resentment is building. The energy is borrowed.

Your emotional signature

The person everyone relies on who relies on no one. Thrives on being needed but exhausted by it. Agrees to things in the moment and regrets them by tomorrow.

TRIGGER

Being asked to take on more · Feeling like no one else will do it · Receiving approval or gratitude for helping · Seeing something fall short and knowing you could fix it

RESPONSE

Agree immediately · Feel a flash of resentment then suppress it · Say yes with a qualifier that gets ignored · Promise yourself this is the last time

ACTION

Work late to meet the new commitment · Deprioritize your own needs first · Overdeliver to feel in control · Avoid the conversation about limits

COST

Resentment toward people you actually care about · Physical tension that does not release · A life shaped by others' priorities not your own · The slow loss of things that used to matter to you

Your 4-week arc

Week 1 — Acknowledge	Name the cost of saying yes — all of it, honestly
Week 2 — Boundary work	The pause, the no script, and energy accounting
Week 3 — Reclaim	Identify what is actually yours to carry versus what you absorbed
Week 4 — Sustain	Good enough practice and preventing the next overextension cycle

WHEN YOU SPIRAL

3-step protocol for each acute moment. Use it — do not think about it.

OVERWHELM

Heart racing. Too much at once. Cannot prioritise.

1. **Ground your body**
   Both feet flat on the floor. Full exhale — longer out than in. Say: I am here, I am safe right now.
2. **Name one thing only**
   Not the list. One thing. The single most pressing item. Write it. Everything else is later.
3. **Two minutes then decide**
   Work only on that one thing for two minutes. After two minutes: stop or continue.

SHUTDOWN

Numb, detached, going through the motions.

1. **Name it out loud**
   Say or write: I am in shutdown. My system is protecting me. It is temporary. I am not broken.
2. **One physical action**
   Cold water on wrists. Stand and stretch arms wide. Walk to a window. Body re-engages through movement.
3. **5-4-3-2-1 grounding**
   5 things you see. 4 you can touch. 3 you hear. 2 you smell. 1 you taste. Returns attention to the present.

ANXIETY SPIKE

Sudden panic. Chest tight. Catastrophic thoughts starting.

1. **4-7-8 breath**
   In through nose for 4. Hold for 7. Out through mouth for 8. Three cycles. Activates parasympathetic response.
2. **Question the catastrophe**
   Ask: is this happening right now, or am I predicting? Anxiety lives in the future. You live here.
3. **Reduce the scope**
   What is one thing you can do or decide in the next 10 minutes? Do only that.

WEEK 1

ACKNOWLEDGE

Name the cost of saying yes — all of it, honestly.

DAILY SCHEDULE

TIME	PRACTICE	WHAT TO DO
6:30 AM	**4-7-8 breath**	3 rounds. After the third exhale: name one thing you are protecting today.
6:35 AM	**Energy forecast**	Rate available energy 1-10. This is your budget for today. Spend accordingly.
6:38 AM	**Boundary intention**	What is the one thing you will not agree to without pausing first? Write it.
12:00 PM	**Pause audit**	Did you pause before agreeing to anything this morning? Even once counts.
12:03 PM	**Depletion check**	Did you give energy this morning that was not yours to give?
9:00 PM	**Resentment check**	Did resentment appear today? Toward whom? About what? Name it without acting on it.
9:05 PM	**Body scan**	Jaw, shoulders, stomach. Targeted release at your three tension sites.
9:08 PM	**Tomorrow's one thing**	The single most important task. Write it. Brain can release everything else now.

WEEK 1 FOCUS

Name the cost of saying yes — all of it, honestly. Resentment is information. When it appears, it is telling you a boundary was crossed — usually one you agreed to cross yourself. The pause is where the pattern breaks.

TECHNIQUE LIBRARY

HOW THE TOOLS WORK

Six techniques matched to The Overextended. Exact steps.

01 — SAYING NO SCRIPTS

Write 3 actual sentences you will use. Practice them out loud. The reason refusal fails is not lack of will — it is lack of rehearsal.

02 — TASK TRIAGE

Every morning: what is urgent AND important? What is urgent but not important? What is neither? The last category is the first to cut.

03 — ENERGY ACCOUNTING

You have a daily energy budget — not unlimited. Track inputs vs outputs. Protect the surplus.

04 — GOOD ENOUGH PRACTICE

Identify one thing per day that you will do to 80% and stop. Not every output deserves 100%.

05 — TIME BOUNDARIES

Work has an end time. Set it. Put it in the calendar. Treat it like an external appointment.

06 — INVISIBLE LABOR AUDIT

List everything you do that no one asks for and no one thanks you for. Decide what stays and what stops.

YOUR PATTERN CARD — READ AT THE START OF EACH WEEK

THE LOOP
& THE INTERRUPT

TRIGGER

Being asked to take on more · Feeling like no one else will do it · Receiving approval or gratitude for helping · Seeing something fall short and knowing you could fix it

Interrupt: These activate something real. That does not make them emergencies. Notice the activation without acting on it.

RESPONSE

Agree immediately · Feel a flash of resentment then suppress it · Say yes with a qualifier that gets ignored · Promise yourself this is the last time

Interrupt: Protective responses, not character flaws. Slow them by 3 seconds. That is all that is needed.

ACTION

Work late to meet the new commitment · Deprioritize your own needs first · Overdeliver to feel in control · Avoid the conversation about limits

Interrupt: Looking for relief. Ask: does this give relief, or silence while the real thing grows? Rest without disappearing.

COST

Resentment toward people you actually care about · Physical tension that does not release · A life shaped by others' priorities not your own · The slow loss of things that used to matter to you

Interrupt: Each 3-second pause at step 2 reduces the cost at step 4. Small interruptions, compounded over a month, produce real change.

YOU ARE NOT BROKEN.

YOU CAUGHT IT.

THAT TOOK HONESTY.

Use this on the hard days. Especially the hard days.
